## Omega Vac Abatement for Asbestos/Lead

MANUFACTURED BY  
**ATRIX INTERNATIONAL, INC.**

The Omega Vac Abatement for Asbestos/Lead is a *safe* and *easy* way to remove contaminants such as asbestos, lead residue, atmospheric dust, medical residue, and fumes.

The Omega Vac Abatement features a self-contained filtration system that captures hazardous particles as small as 0.12 micron. It includes two filter plugs, disposable bag and tie to prevent particles from escaping into the air or getting on hands and clothes when disposing filter. Plus, its 6' clear hose allows the operator to visually check for any remaining particles in the hose.

The Omega Vac Abatement is made from a high-impact styrene construction for durability and long life.

The lightweight and portable Omega Vac Abatement for Asbestos/Lead is ideal for glove bags, ladders or other hard-to-reach area applications. It comes complete with a handy shoulder strap and accessories which store conveniently in the case cover.

▲ **HEPA FILTER WITH A 0.12 MICRON RETENTION** - For asbestos, fumes, lead residue, atmospheric dust, etc. It includes two filter plugs, disposable bag and tie for safe disposing of filter.

▲ **CLEAR 6' HOSE** - Provides an additional safety feature for the operator.

▲ **FLEXIBLE GOOSE-NECK** - To get to those hard-to-reach places!

▲ **CREVICE TOOL AND CREVICE TOOL BRUSH** - To loosen fine particles in tight areas.

▲ **UTILITY NOZZLE** - A 5 1/2" wide tool for cleaning floors, cupboards, etc.
